APPENDICES TO THE VENDORS OF RECORD PROCEDURES

Schedule 'A' – Schedule of Rates

1. Overview

A Vendor of Record (VoR) is a procurement arrangement that has been established through a competitive process. The arrangement authorizes one or more qualified vendors to provide goods/services to TRCA for a defined period of time and in accordance with terms and conditions, including pricing, as set out in the VoR agreement.

This VoR allows TRCA staff to select from a list of pre-qualified vendors for the rental of construction equipment for a value of less than \$75,000 per project.

2. Contact Information

Company	Name	Address	Phone	Email
Cooper Equipment Rentals	Ryan Elbers	6335 Edwards Blvd, Mississauga, L5T-2W7	416-389-9859	relbers@cooperequipment.ca
Sunbelt Rentals Canada	Steve Soares	12 Leslie St, Toronto, M4M-3H7	416-579-6142	steve.soares@sunbeltrentals.com
United Rentals	Andrew Hennessy	11 Mars Rd, Etobicoke, M9V-2K2	416-524-7356	ahennessy@ur.com
Hertz Equipment Rentals	Paul Dillon	6900 Finch Ave W, Toronto, M9W-0A8	416-660-8374	Paul.dillon@hercrentals.com
Battlefield Equipment Rentals	Toli Taris	240 Bradwick Dr, Concord, L4K-1K8	416-433-5551	toil.taris@toromont.com

3. Creating Purchase Orders (PO)

When renting equipment, staff is required to create a Child PO from RO #10007626, in the Procurement and Agreement Database. In the appropriate Procurement, click on 'POs' at the top of the screen, then select 'Create Child PO (VOR)'. The PO database will open. Select the desired supplier from the Vendor list, and complete/submit the PO as normal. The master PO# is R-M-JS-00472.

4. Vendor of Record (VOR) Procedures

- The use of this VOR is mandatory. Periodic checks by the Finance (Procurement) department will be conducted to ensure the VOR is being utilized to its full potential.
- The Vendors of Record (VOR) list is valid from August 1, 2018 to July 31, 2019.
- The VoR list is to be used for supply and delivery requests totaling less than \$75,000 (excluding HST) per project. Supply and delivery requests above this threshold must be processed through a competitive procurement process, applied through the Procurements and Agreements database.
- Refer to Schedule A for unit pricing. Vendors are to be contacted on a project basis based on the lowest total price for the equipment needed and if the equipment is not available then contact the next company that has the lowest price. TRCA staff are to provide a one (1) day notice for daily rental, and two (2) day notice for weekly or monthly rentals. In the event that none of the suppliers are able to fulfill the request, staff will be required to conduct an RFQ process for the specific material and create a separate Purchase Order.
- All Correspondence and requests must be submitted to the vendor via email (in writing) to the provided contact person in Section 2.
- All deliveries must be accompanied by substantiating documentation such as receipts, delivery receipts, and any other documentation requested by TRCA for verification of cost. HAND WRITTEN DOCUMENTATION WILL NOT BE ACCEPTED.
- Prior to the commencement of any work, staff must ensure that insurance and WSIB certificates are up to date, including valid Form 1000. Insurance and WSIB certificates must be attached to all Payment Requisitions for processing of final payment.
- Staff must use appropriate GL codes when processing invoices (GL 331).
- Vendor of Record Agreements for each of the vendors can be found in the Procurement and Agreement Database under contract #10007626.
- Staff may also attach any documentation supporting evaluation of the vendor's performance to the Payment Requisition.

5. Responsibilities

- Staff are responsible for ensuring that up to date insurance and WSIB certificates are attached to each Payment Requisition.
- Construction Services Staff within the Engineering Projects group will maintain all VOR agreements.

- Construction Services Staff within the Engineering Projects will maintain the VOR list contact information and update the procedures as needed.
- Staff calling upon the VOR list are responsible for following the above procedures and processing all invoices related to each request.
- For questions related to the VOR for Rental of Construction Equipment please contact: Ron Ofer at rofer@trca.on.ca, ext. 5614
