

ECS Lunch and Learn Chat Log

April 27, 2021

[10:57 AM] Andrew Ramesbottom

Hi Sharon. John Stille can't make question time so I will cover questions for his presentation as best as I can. Thanks~

[11:40 AM] Sukhmani Bola

when restoration is complete for a project, what is the monitoring frequency for visual fish sampling and other wildlife, once per year site visit, or twice per year and why this frequency? And what is the duration? It is for 5 years or 10 year etc

[11:45 AM] Ralph Toninger

We are never able to do enough monitoring. Difficult to fund.

(6 liked)

[11:47 AM] Rick Portiss

sometimes regulatory requirements dictate monitoring requirements and timelines as well.

[11:47 AM] JACQUELINE WEBER

Do you find that the release of detailed restoration outcomes in the form of KPIs is helping to build the case for more funding - be that funding for monitoring or for restoration?

[11:50 AM] Jan Moryk

Open question: is it more beneficial to restore or build a wetland or should we spend our time and resources on protecting what is already there and not compromising with the proposed land use change

[12:00 PM] Katie Turnbull

Great presentations!

[12:00 PM] Amanda Lazarevski

Thanks very much!

[12:00 PM] Chris Cormack

Thanks everyone.

[12:00 PM] Brook Beaulieu

Thank you!

[12:00 PM] Danielle Dellandrea

Thank you all!

[12:00 PM] Whitney Brennan

thank you!

[12:00 PM] Vince D'Elia

thank you!

[12:01 PM] Wei Pang

Thank you.

[12:01 PM] David Gingerich

Thank you very much !

[12:01 PM] Don Little

Thank you!

[12:01 PM] JACQUELINE WEBER

Thanks all!

[12:01 PM] Jessica Dalrymple

Thank you (smile)

[12:01 PM] Wilfred Ho

thanks, folks

[12:01 PM] Grace Manka'a

great presentation
