

ECS Lunch and Learn Chat Log

August 24, 2022

[11:04 a.m.] Sharon Lam

Hi everyone, thank you for joining us! If you have any questions for Lauren, Fabio, and Tracy, please feel free to type your questions in the Chat throughout the presentation.

[11:04 a.m.] Sharon Lam

And special welcome to our attendees from CVC and LSRCA who are joining us today as well!

[11:04 a.m.] Sharon Lam

Here is a link to the Natural Asset Carbon Assessment Guide and Toolbox: https://cvc.ca/wp-content/uploads/2022/06/rpt_NACAGT_v1.4_and_ApxA_f_20220106.pdf

[11:36 a.m.] Andrew Ramesbottom

We need to do some carbon storage estimates on upcoming restoration projects for our grantor. After we have a more detailed look at the guide, would we be able to connect with you to double check our choices in calculations? This could also be very helpful addition to Peel KPI reporting!

[11:41 a.m.] Adriana Gomez

We would love to implement a carbon sequestration initiative through soil improvement in our SNAP neighbourhoods (e.g. by improving soil in landscaped areas across all landuses, etc.). I understand this study doesn't look at soil?, but could this team guide us with resources, etc?

[11:47 a.m.] Kapoor, Chaya

Is there some correspondence between the sequestration rates identified in the literature – which are based on the forest age – and the land cover/nature asset type they could be applied to? Is there an estimate of deciduous forest age across overlapping watersheds?

Have we, or can we, have a conversation in the future about how this work can one day play into the plan input and review process (similar to how we did with the stream crossing guidelines and ecopassage/terrestrial linkages guidelines) that are now standard comments in our review process? I see there is tremendous opportunity to work (as a start) with our municipal partners in relation to their capital programs for infrastructure development and advance this great work in the ground.

[12:00 p.m.] Emily Markovic

thank you

[12:00 p.m.] Sue Hayes

That was great - thanks!

[12:00 p.m.] Jacqueline DeSantis

thanks so much!

[12:00 p.m.] Sara Finnimore

Thanks!

[12:00 p.m.] Krishna Selvakumar

Thanks!

[12:00 p.m.] Jessica Akande

Thank you!

[12:00 p.m.] Rebecca Spence

Thanks!

[12:00 p.m.] Dilnesaw Chekol

Thanks

[12:00 p.m.] David Gingerich

Thank you !

[12:00 p.m.] Konain Sajid

Thank you! Very resourceful session
